AppTestimony  
Sen. Linares, Art  
Senate Bill 816

To Whom It may Concern,

I am writing to request support of Senate Bill 816 which deals with the state education funding amounts to local town/communities. It is not only important that monies be distributed for economic reasons but also to level the playing field and restore fairness to our process/system.

I look forward to hearing from you as to when this important piece of legislation is passed.

Sincerely,  
John Cannon
